5. OFFER EVALUATION CRITERIA

5.1 The Ordering Party will evaluate offer based on the following criteria:

Methods of assessment – according to the formula below:

$$P_i = P_i(C) + P_i(T) + P_i(Ba)$$

where:

P_i – the amount of points received

$P_i(C)$ – points for the „Price” criterium

$P(T)$ – points for the “Time for completion the unit order (100 g of bacterial paste)” criterium

$P(Ba)$ – points for the “Analysis of protein aggregates based on the technique SEC-MALS” criterium

- Criterium „Price” – weight 80%

„Price” criterium will be calculated as follows:

$$P_i(C) = (C_{min} : C_i) \times 80$$

where:

$P_i(C)$ – the amount of points given for the „Price” criterium

C_{min} – the lowest price among all valid and non-rejected offers

C_i – the price of the currently evaluated offer

In the “Price” criterium Bidder may obtain 80 points.

- Criterium „Time for completion the unit order (100 g of bacterial paste)” – weight 10%

„Time for completion the unit order (100 g of bacterial paste)” criterium will be calculated as follows:

1 – 2 weeks – 10 points

3 – 4 weeks – 5 points

> 4 weeks – 0 points

- Criterium “Analysis of protein aggregates based on the technique SEC-MALS”

“Analysis of protein aggregates based on the technique SEC-MALS” criterium will be calculated as follows:

Including in the services analysis of protein aggregates based on the technique SEC-MALS – 10 points

Not including in the services analysis of protein aggregates based on the technique SEC-MALS – 0 points.

5.2 All calculations will be made to two decimal places.

5.3 The most advantageous offer will be considered the one which obtains the highest number of points.

5.4 The Awarding Entity reserves the right to ask the Bidder about the content of submitted bids, including to supplement missing powers of attorney, statements or documents indicated in the request for quotation (except for the extent to which they are subject to evaluation in the bid evaluation criteria).

6. ORDER COMPLETION DATE : 12 months
